- Mass. R-51 GN - South Boston

and WHEREAS all planning activities under said contracts have been completed, and the Plans have been submitted to and found satisfactory by the Department of Housing and Urban Development;

NOW, THEREFORE, be it resolved by the Boston Redevelopment Authority that the Development Administrator be and he hereby is authorized to take such action as he shall from time to time deem necessary or appropriate to arrange for the final federal audit and for the termination of said contracts.

March 3, 1966

TO: Boston Redevelopment Authority
FROM: Edward J. Logue, Development Administrator
SUBJECT: TERMINATION OF GNRP CONTRACTS

The Boston Redevelopment Authority has completed the preparation of General Neighborhood Renewal Plans for ten areas and these plans have been found acceptable by the Urban Renewal Administration.

It is now desirable to terminate the contracts under which these plans were developed.

The planning loans made available for the Downtown North, Downtown, Charlestown, South End and Roxbury-North Dorchester GNRP areas have been or will be repaid from project funds for projects developed in the respective areas. The planning loans for other GNRP areas (East Boston, South Boston, Parker Hill-Fenway, Jamaica Plain and Back Bay) need not be repaid until such time as renewal projects are developed within these areas.

An appropriate resolution requesting final audit and termination of all GNRP contracts is attached.
